Dear Seagate Technology,

Thank you for submitting your greenhouse gas emission reduction target(s) to the Science Based Targets initiative (SBTi) for an official validation.

Our team has assessed your target(s) against [the SBTi criteria](#) and, after careful review, we are happy to inform you that your submitted target(s) have been approved.

Basic information about your company and the approved target(s) will be listed on the [Science Based Targets website](#). The following agreed target wording will be used:

*"Seagate Technology LLC commits to reduce absolute scope 1 and scope 2 GHG emissions 20% by 2025 and 60% by 2040 from a 2017 base year. Seagate Technology LLC also commits to reduce absolute scope 3 GHG emissions 20% by 2025 and 60% by 2040 from a 2017 base year."*

A member of our communications team will follow up with you to coordinate the publication of your targets. Companies must announce approved targets publicly within [six months of the approval date](#) (when decision letter was sent). Please let the communications team know if your company would urgently like to publish your approved targets.

You will also be added to the SBTi mailing list, which we use to share important updates from the initiative on a bi-monthly basis.

Congratulations on your approved science-based targets!

Kind regards,

The Science Based Targets initiative's Steering Committee
